CONTAINER
SOLUTIONS

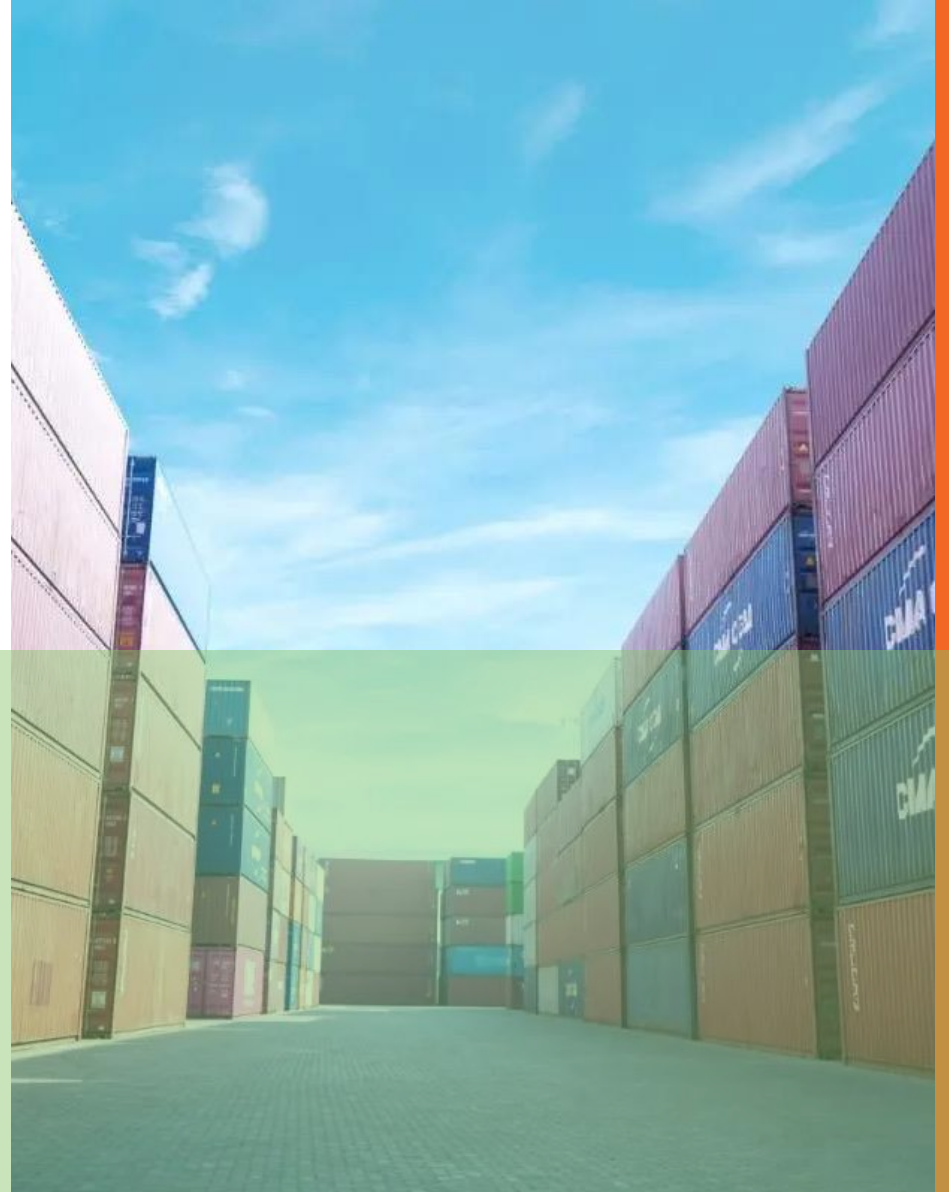

Welcome to Container Solutions

About Us

Established in 2003 in Dubai, UAE, we are a leading provider of container solutions. Our activities include container conversion, modular building manufacturing, offshore container manufacturing, container leasing, depot services, and container trading in the Middle East and beyond.

Today, the company is one of the leading and most trusted names in the industry, serving prestigious clients across the region and internationally

Mission

To be reliable partners by providing consistent quality, timely delivery, and building a professional work culture based on expertise and experience.

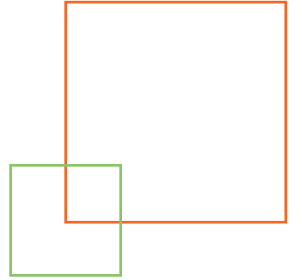

Vision

To be the leading container solutions provider in the Middle East, South, and Central Asia.

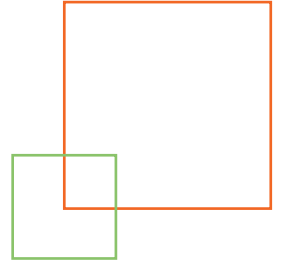

Proven Expertise

- Over 20 years of experience in the Middle East and Asia.
- One of the leading offshore container and modular steel building manufacturers in the Middle East and Asia.
- One of the top providers of container modification solutions in the Middle East and Asia.
- Specialist in managing Oil & Gas and Military projects.

Success Stories

A Journey of Growth

Founded in 2003: From a 20,000 sq.m. facility in Dubai to over USD 100 million in turnover today.

Specialized Expertise

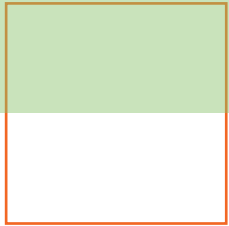

One of the largest manufacturers of modular steel containers in the region, serving multinational onshore and offshore companies.

Certifications and Excellence

- ISO 9001, ISO 45001 & ISO 14001 certified.
- DNV-certified WPS, PQR, and welders.
- IICL-certified container inspectors.

Expansion Milestones

2003

Started operations in a 20,000 sq.m. facility in Jabel Ali Ind. Area, Dubai.

2013

Opened a 30,000 sq.m. depot in Sohar Free Zone, Oman.

2017

Expanded with a 15,000 sq.m. facility in Dubai Industrial City.

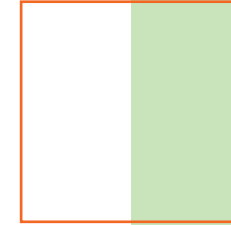

2020

Launched a 40,000 sq.m. state-of-the-art facility in Mundra, Gujarat, India.

Cutting-Edge Modular Building Solutions

Overview

We design and manufacture sustainable modular buildings tailored to specific industry needs, including industrial application electrical enclosures, military training units, and e-houses.

Benefits

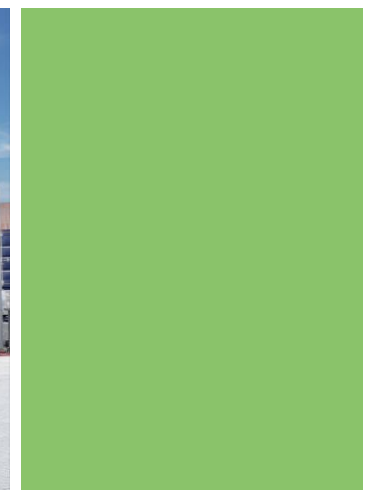

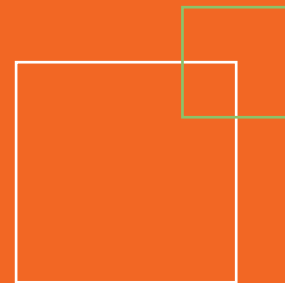

Faster construction times, cost efficiency, sustainability and flexibility in design. Perfect for remote locations and rapid deployment.

Applications

Used in sectors like oil & gas, manufacturing, power generation, mining, military, and construction.

Modular Solutions

Manufacturer of High-Quality Offshore Containers for Extreme Environments

Types of Offshore Containers

Baskets, skids, workshops, and cargo containers built to DNV 2.7-1 standards.

Quality Assurance

Certified welders, ISO standards, and compliance with industry regulations ensure safety and reliability.

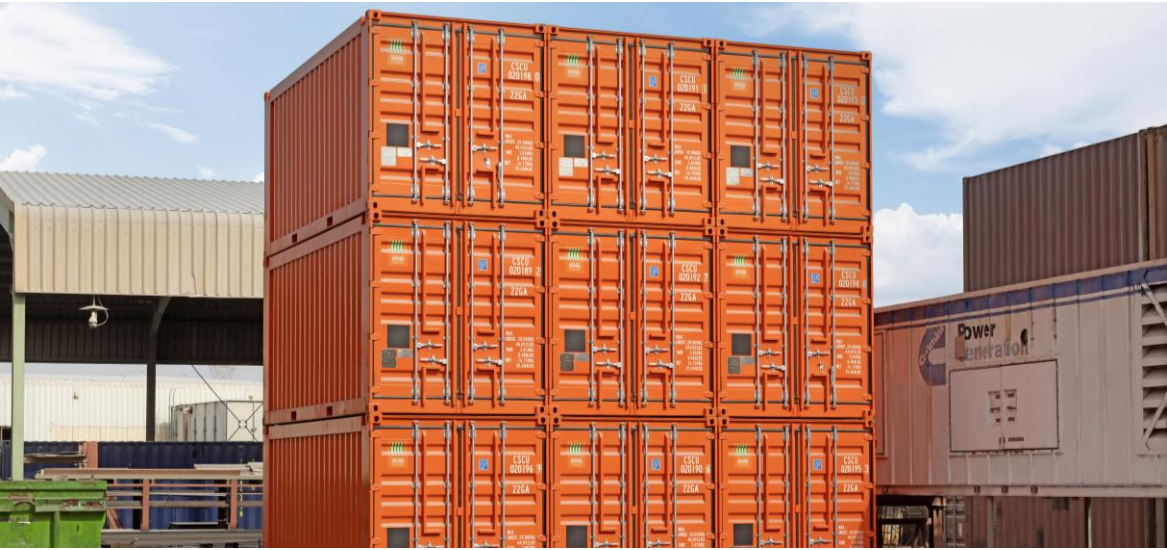

Industry Use

Oil & gas, marine, and offshore construction projects requiring durable and compliant containers.

Offshore Containers

Innovative Container Modifications & Conversions

Capabilities

Custom modifications including workshop, tool room, RO plant, generator, switch gears, mobile offices, pop-up shops, emergency shelters, and more.

Customization Options

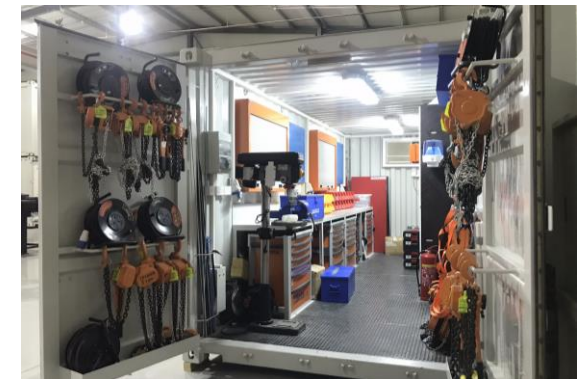

Interior fit-outs, electrical installations, HVAC, Fire & Safety, explosion proof and custom paint finish.

Value Addition

Turn a simple container into a versatile space that meets exact specifications.

Container Conversions

World-Class Manufacturing Facilities

Dubai, UAE

Advanced modular manufacturing unit with a focus on quality and innovation.

India Facility

State-of-the-art production site in Mundra, Gujarat, supporting large-scale manufacturing and export capabilities.

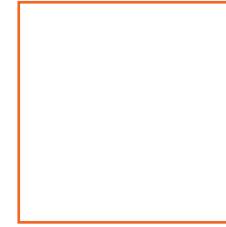

Special Features

High-capacity production lines, dedicated teams, and stringent quality controls.

Partner with Us for Custom Container Solutions, Modular Buildings, Offshore containers, and more.

Commitment to Quality

We are dedicated to delivering innovative, customized container solutions that exceed industry standards.
